Oxygen Bar Sponsorship

Breathe some life into your sponsorship. An Oxygen Bar is a fun way to encourage socializing and networking at tradeshow, in exhibit booths or in hospitality suites.

Magnetize 8 people around our Oasis standup bar to socialize or interact with booth sales staff while receiving revitalizing oxygen. Oxygen re-energizes convention attendees and exhibitors so they can go the distance.

Sponsors can double their presence. Our oxygen bar extends an additional 10 feet for 16 seats and extra counter space for handouts.

Adding corporate branding to backlit panels is an option that makes sponsors shine!

Oxygen Carousels Sponsorship

The Oxygen Carousel Sponsorship provides the sponsor with oxygen service minus the standup Oasis bar and foldup seats. This sponsorship includes the Sponsor's logo on oxygen carousels.

Working with the carousels alone gives the sponsor and planner the utmost in flexibility. The oxygen carousels are lightweight and portable and easily integrate oxygen service into an existing theme or design concept.

Choose the oxygen service alone or combine it with one of our other sponsorships, like chair massage
